RE

Your client (as named above) has contacted me to request that I assess and potentially treat their animal with physiotherapy. I am a qualified Chartered Veterinary Physiotherapist having completed my Master at the Royal Veterinary College and am a member of ACPAT.

As required by the Veterinary Act in order to treat your client’s animal I need a referral by the animals vet. Please could you complete and sign the following form and return it to me by post /email or give it directly to the client so that I can precede with treatment the animal.
